Market Dynamics & Macro Growth Drivers

Slide 13

Aging Demographics

2.4% annual increase in U.S. residents aged 50+, expanding demand for outpatient orthopedics and mobility restoration.

Therapist Burnout

Physical therapists spend up to 35% of daily working hours on manual billing and paper documentation.

Outpatient Care Migration

Health plans actively redirecting care from expensive hospital inpatient settings to independent outpatient centers.

Highly Fragmented Market

Top 8 PT chains control only 11.3% of the U.S. market; 88%+ of clinics are independent or small regional chains needing modern software.

Macro Drivers Accelerating Software Adoption

Competitive Landscape & Differentiation

Feature / Metric	AgileRPM	WebPT	Raintree Systems	Net Health
Target Focus	Outpatient & Hospital PT	Small Independent PTs	Enterprise Rehab Chains	Hospital / Wound Care
Deployment	Modern Cloud SaaS	Legacy Web / Cloud	On-Premise / Hosted	Hybrid Cloud

Growth Strategy: Three-Pillar Roadmap

Slide 16

PILLAR 1**Internal Network Rollout**

Expand AgileRPM from 32 to all 155+ Agility Health internal clinical locations, establishing an immediate software baseline.

PILLAR 2**Direct Enterprise SaaS Sales**

Deploy dedicated sales team targeting 300+ regional outpatient clinic networks (10–100 locations) across the U.S.

PILLAR 3**Strategic M&A Consolidation**

Acquire small regional chains with positive clinic cash flow & immediately deploy AgileRPM to lift operating margin.

FDA Regulatory Classification

Exempt / Non-Device Medical Software. Performs practice management, EHR recordkeeping, scheduling, and billing. Does not perform medical diagnosis, clinical decision automation, or treatment recommendations (pursuant to U.S. FD&C Act Section 520(o)).

HIPAA Compliant

Fully compliant with U.S. HIPAA privacy and security regulations.

SOC 2 Type II

Certified for cloud security, availability, and confidentiality.

Data Encryption

AES-256 at rest; TLS 1.3 in transit for all Protected Health Information (PHI).

Regulatory Classification & Security Infrastructure

Acquisition Criteria & M&A Synergies

Slide 19

When Agility Health acquires regional physical therapy chains to expand its clinical footprint and software adoption, targets must meet strict criteria:

Cultural Fit

Commitment to clinical quality and high therapist retention.

Management Participation

Ongoing participation and equity retention of local clinical founders.

Strong Local Reputation

Established local brand equity in regional healthcare markets.

Immediate Software Synergy

Post-acquisition migration to AgileRPM yields instant 15–20% admin cost reduction through centralized RCM.

Disciplined M&A Strategy for Clinical Footprint

Public Peer Comparison & Scope of Services

Company Name	Ticker	Outpatient PT	Long-Term Care	Industrial Rehab	Proprietary SaaS EHR
