

AGILITY HEALTH, INC. • TSX.V: AHI (DEMO)

AgileRPM® / Agility Health Investment Pitch Deck

Enterprise SaaS Platform for Physical Rehabilitation Practice
Management

Target Round

\$12.0M Series A

Tagline

"Serving Together. Better."

Investment Thesis

600 x 400

The Opportunity

Digitizing a \$38.5B Fragmented Physical Rehabilitation Market burdened by manual administrative workflows, billing inefficiencies, and therapist burnout.

Proven Clinical Origin

Developed and battle-tested within Agility Health's nationwide network of 155+ rehabilitation clinics and 1.0M+ annual patient visits.

Proprietary SaaS & Traction

Deployed in 32 clinics with \$2.1M ARR, demonstrating a 28% reduction in admin time per therapist and an 18% decrease in claim denials.

Investment Ask

Dual-Engine Operating Structure

Clinical Division

Agility Health

Core Activity: PT clinic operation & contract therapy.

Locations: 155+ service sites across 22 U.S. states.

Volume: 1,000,000+ patient visits annually.

Team Size: 700+ total employees (PTs, OTs, admin).

Revenue Model: Service fee per visit & long-term care contracts.

Software Division

AgileRPM

Core Activity: Cloud practice management & EHR SaaS.

Locations: 32 operational clinical sites.

Volume: 720 active daily clinical users.

Team Size: 18 dedicated software engineers & support.

Revenue Model: Per-user monthly sub + % RCM.

Corporate Mission: Unifying physical therapy clinical excellence with enterprise software automation to maximize therapist productivity and clinic profitability.

Management & Leadership Team

100+ Combined Years of Healthcare Operations & Finance Experience

Steve Davidson, PT, MBA

Chief Executive Officer

- 29+ years healthcare operational experience
- Licensed Physical Therapist
- Led acquisition & integration of 40+ clinics

Gene K. Miyamoto, MHSA

Chief Operating Officer

- 30+ years health services administration
- Hospital contract management veteran
- Former executive for multi-site networks

Ken Scholten, PT President

- 35+ years in physical therapy management
- Clinical workflow design expert
- Architect of AgileRPM protocols

Terry Vanderkruyk Chief Corp Dev Officer

- 30+ years public & private healthcare M&A
- Life sciences corporate finance leadership
- Supervisor of capital raising

Business Units & Clinical Footprint

Diverse Operational Revenue Streams

40%

Outpatient Clinics

38%

Long-Term Care

17%

Hospital Contracts

5%

Industrial Health

Low Government Payor Risk

Medicare and Medicaid represent only ~10% of direct receivables across clinical divisions.

Commercial Diversity

Strong enterprise relationships across automotive, manufacturing, and hospital sectors driving steady recurring volume.

Enterprise Customer Validation

Agility Health and AgileRPM provide contracted services and software to premier commercial enterprises:

INDUSTRIAL & CORPORATE FORTUNE 500

- John Deere
- Alcoa
- Ford Motor Co.
- Continental Tire
- Amway
- American Airlines
- United Tech
- Pratt & Whitney

HEALTHCARE SYSTEMS

- Trinity Health
- Amica Mutual Insurance
- WTA

Clinical Endorsement: 94% Retention Rate

Among contracted enterprise clinic partners over trailing 3-year period (2022-2025).

Historical Financial Performance

Stable revenue floor from core PT services while scaling the software division.

Year	Revenue (\$ USD)	YoY Growth	Primary Revenue Driver
2020	\$46.8M	-	Outpatient clinic expansion
2021	\$52.1M	+11.3%	Hospital contract therapy wins
2022	\$55.3M	+6.1%	Regional M&A clinic consolidation
2023	\$60.2M	+8.9%	Industrial health contract additions
2024	\$63.0M	+4.6%	Initial AgileRPM SaaS rollouts
2025 (Run Rate)	\$65.5M	+4.0%	SaaS recurring revenue expansion

Product Deep Dive: AgileRPM Software Suite

Enterprise Software Tailored for Physical Rehabilitation

Core Functionality

Integrated cloud EHR, patient scheduling, automated documentation, compliance tracking, work queues, billing, and patient outcome analytics.

Intended Use

Administrative practice management. Non-device software: Does not diagnose, treat, or provide automated clinical treatment decisions.

Product Stage

Commercialized. Version 3.2 is currently active across 32 clinics and 720 daily active clinicians.

Key Innovation

Proprietary data layer of 1M+ clinical treatment logs used to generate workflow optimizations and reduce claim denials.

600 × 400

Investment Opportunity & Deal Structure

Series A Equity Terms & Capital Allocation

Financing Round	Series A Growth Round
Total Round Target	\$12,000,000 USD
Requested Fund Check	\$3,000,000 USD
Instrument	Priced Equity (Preferred Shares)
Equity Offered	20.0% (Round) / 5.0% (Fund)
Historical R&D Raised	\$3,500,000 USD
Existing Investors	HealthTech Ventures, BlueSky Capital, Founders

Target Funded Runway: 24 Months

Use of Funds Breakdown

Product & AI R&D (35%)		\$4.2M
Sales & Marketing (30%)		\$3.6M
Customer Success (20%)		\$2.4M
Regulatory & Cyber (15%)		\$1.8M

Target Market & Customer Segmentation

U.S. PHYSICAL THERAPY TAM (2025)

Total Addressable Market

\$38.5B (6.2% CAGR)

REHAB PRACTICE MANAGEMENT SAM

Serviceable Addressable Market (32,000+ U.S. PT Clinics)

\$2.8B

AGILERPM SOM TARGET

Serviceable Obtainable Market (Outpatient Chains 10-100 Locations & Hospitals)

\$350M

Market Dynamics & Macro Growth Drivers

Macro Drivers Accelerating Software Adoption

Aging Demographics

2.4% annual increase in U.S. residents aged 50+, expanding demand for outpatient orthopedics and mobility restoration.

Therapist Burnout

Physical therapists spend up to 35% of daily working hours on manual billing and paper documentation.

Outpatient Care Migration

Health plans actively redirecting care from expensive hospital inpatient settings to independent outpatient centers.

Highly Fragmented Market

Top 8 PT chains control only 11.3% of the U.S. market; 88%+ of clinics are independent or small regional chains needing modern software.

Competitive Landscape & Differentiation

Feature/Metric	AgileRPM	WebPT	Raintree Systems	Net Health
Target Focus	Outpatient & Hospital PT	Small Independent PTs	Enterprise Rehab Chains	Hospital / Wound Care
Deployment	Modern Cloud SaaS	Legacy Web / Cloud	On-Premise / Hosted	Hybrid Cloud
Clinic-Tested Origin	Yes (155+ active sites)	No (Pure Software)	No (Pure Software)	No (Pure Software)
Integrated Billing (RCM)	Native Automated RCM	Third-Party Add-on	Complex Setup	Enterprise Add-on
Therapist Admin Savings	28% Average Reduction	~12% Reduction	~15% Reduction	~10% Reduction
Pricing Model	\$299/provider/mo + RCM %	\$349/provider/mo	Custom Enterprise	High Upfront + License

1. Built by PTs: Eliminates redundant clinical clicks.
2. End-to-End: Unifies scheduling, EMR & billing.
3. Data Engine: Benchmarks outcomes vs duration.

Growth Strategy: Three-Pillar Roadmap

PILLAR 1

Internal Network Rollout

Expand AgileRPM from 32 to all 155+ Agility Health internal clinical locations, establishing an immediate software baseline.

PILLAR 2

Direct Enterprise SaaS Sales

Deploy dedicated sales team targeting 300+ regional outpatient clinic networks (10-100 locations) across the U.S.

PILLAR 3

Strategic M&A Consolidation

Acquire small regional chains with positive clinic cash flow & immediately deploy AgileRPM to lift operating margin.

Operational Evidence & Outcome Studies

12-Month Operational Pilot Study (n=32 active clinic sites): Statistically significant operational and financial efficiency gains demonstrated after implementing AgileRPM software.

-28%

Admin Documentation Time

Saves ~1.2 hrs per therapist daily

-18%

Initial Claim Denial Rate

Compared to legacy systems

36 Days

Days in A/R

Reduced from 48 days (-12d)

99.4%

Audit Compliance Score

Medicare chart documentation

Regulatory & Compliance Positioning

FDA Regulatory Classification

Exempt/Non-Device Medical Software.
Performs practice management, EHR recordkeeping, scheduling, and billing.
Does not perform medical diagnosis, clinical decision automation, or treatment recommendations.

HIPAA Compliant & Data

Fully compliant with U.S. HIPAA privacy and security regulations. AES-256 at rest; TLS 1.3 in transit for all Protected Health Information (PHI).

SOC 2 Type II

Certified for cloud security, availability, and confidentiality.

Future AI Automation

Evaluating required regulation (e.g., 510k) for the upcoming AI-based auto-coding model launch.

Acquisition Criteria & M&A Synergies

Disciplined M&A Strategy for Clinical Footprint

1

Cultural Fit

Commitment to clinical quality and high therapist retention.

2

Management Participation

Ongoing participation and equity retention of local clinical founders.

3

Strong Local Reputation

Established local brand equity in regional healthcare markets.

4

Immediate Software Synergy

Post-acquisition migration to AgileRPM yields instant 15-20% admin cost reduction through centralized RCM.

Public Peer Comparison

Company Name	Ticker	Outpatient PT	Long-Term Care	Industrial Rehab	Proprietary SaaS EHR
Agility Health / AgileRPM	TSX.V: AHI	YES	YES	YES	YES (AgileRPM)
Select Medical	NYSE: SEM	YES	YES	NO	NO (Third-party)
Kindred Healthcare	NYSE: KND	NO	YES	NO	NO (Third-party)
US Physical Therapy	NASDAQ: USPH	YES	NO	YES	NO (Third-party)

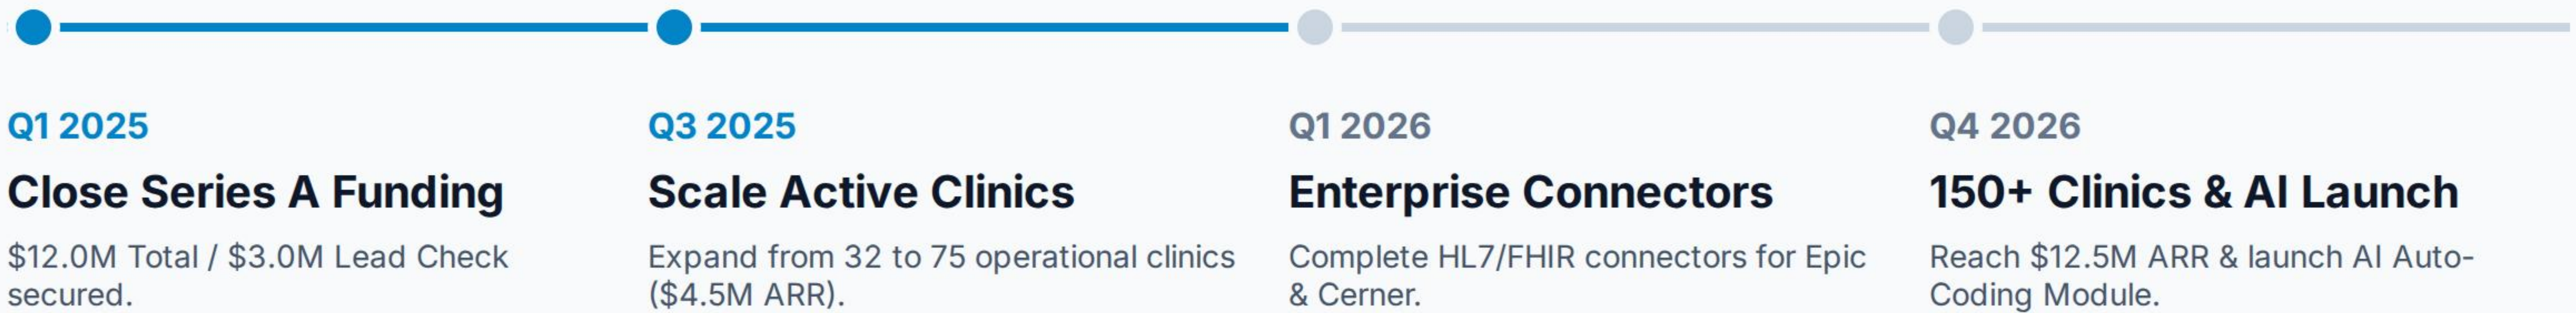

Valuation Advantage

Public peers trade at 11x-14x EBITDA; AgileRPM's high-margin SaaS growth unlocks enterprise software revenue multiples for the group.

Risk Analysis & Mitigation Strategies

CATEGORY Commercial	IDENTIFIED RISK (MEDIUM) Sales cycle length in hospital chains (12-18 mos).	MITIGATION Target independent 10-50 clinic PT chains with 60-day decision cycles.
CATEGORY Execution	IDENTIFIED RISK (HIGH) EHR interoperability with hospital systems (Epic/Cerner).	MITIGATION Build pre-certified HL7 / FHIR API connectors using investment proceeds.
CATEGORY Regulatory / Security	IDENTIFIED RISK (HIGH) Protected Health Information (PHI) cybersecurity breach.	MITIGATION SOC 2 Type II compliance, \$10M cyber liability insurance, quarterly pen tests.
CATEGORY Financing	IDENTIFIED RISK (MEDIUM) Working capital during rapid SaaS expansion.	MITIGATION Maintain 24-month cash runway; profitable core clinical division safety net.

Strategic Milestones & 18-Month Roadmap

Investment Highlights

- 1 Large & Growing Market:** \$38.5B physical therapy industry benefiting from aging demographics and outpatient migration.
- 2 Proven Product-Market Fit:** \$2.1M ARR across 32 clinics with 28% therapist productivity gains.
- 3 Attractive Deal Terms:** \$3.0M fund check for 5.0% equity with 24 months runway.
- 4 Low Regulatory Risk:** Exempt operational health software (non-device), avoiding lengthy FDA 510(k) cycles.
- 5 Experienced Leadership:** Management team with 100+ combined years in PT operations & corporate finance.
